

Out of Area Booking for Trusts using BadgerNet

We are signing up to the Single Pregnancy Record (SPR) network, which means that NUTH will be have full access to patient records from other Trusts using BadgerNet Maternity.

Trusts currently using BadgerNet Maternity within the North East and Cumbria Region:

- Gateshead Health NHS Foundation Trust
- County Durham and Darlington Foundation Trust
- Northumbria Healthcare NHS Foundation Trust
- North Cumbria Integrated Care NHS Foundation Trust

Steps in the process

1. Referral/Proforma will be received into admin inbox from out of area community midwives
2. Referral received by NUTH Admin
3. NUTH Admin to make appointments for ANC and Scan appointments as required based on booking information.
4. If the appointment type is a telephone appointment or virtual appointment then you need to access the Badgernet record to find the appointment that has come across into Badgernet. Remember to search for the record using NHS Number to locate the record within the SPR (you may need to 'Break Glass' at this point). To find the appointment you created within the Badger record go to Full Notes.
5. Click onto the appointment to edit the note- in type of appointment add if telephone or virtual consultation. (This does **NOT** need to be done for face to face appointments).
6. No further information is required to be entered into the BadgerNet record as there is a full booking history already entered by the referring Trust.

OOA Booking Checklist –Trusts on BadgerNet

- ☐ Make appointments as required for ANC and Scans
- ☐ Edit appointment note in Badger if appointment is telephone or virtual
