

## Adding other information to BadgerNet- Admin

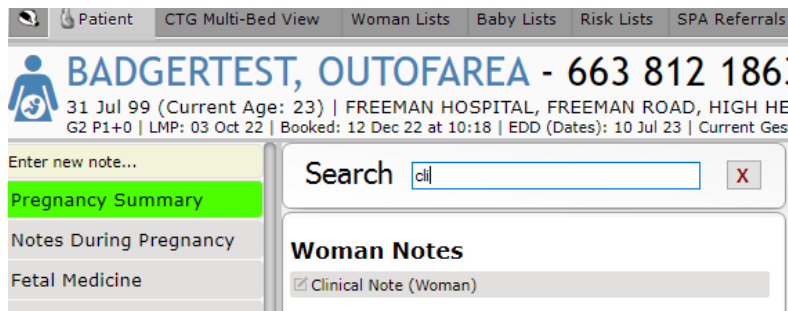

If you need to add any other information into the record for example a note or a phone call

1. Log into BadgerNet using your computer username and password
2. Select existing woman's record using NHS number only (this is to ensure there is no chance of duplication of record from another BadgerNet site, which is a part of the single pregnancy record).

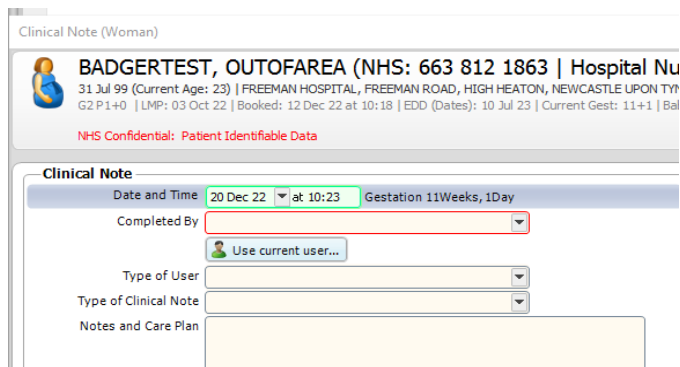

## Adding a note

1. In the enter new note box search for 'clinical note'

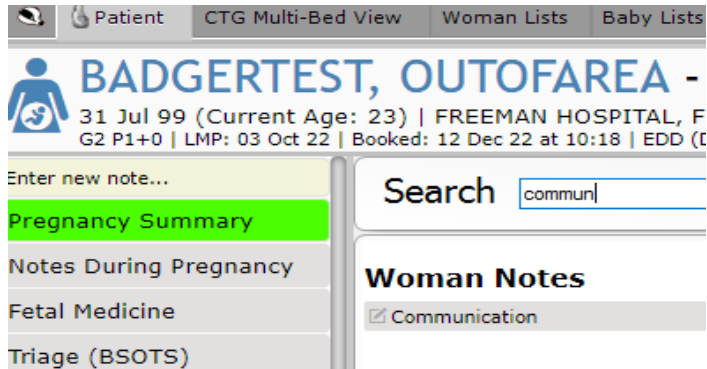

2. Complete documentation

## Adding a phone call

1. In the enter new note box search for 'communication'

Enter new note...

**Pregnancy Summary**

Notes During Pregnancy

Fetal Medicine

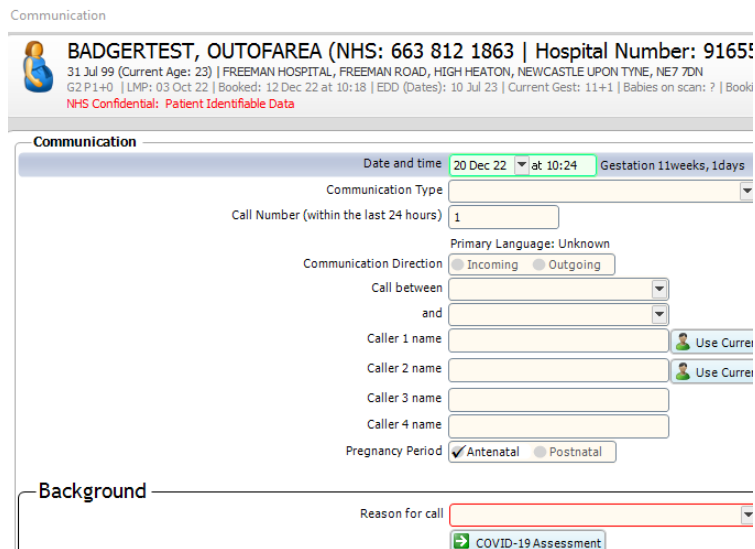

Triage (BSOTS)
