

Arterial Blood Gases

Arterial blood gases missing: YES / NO

with lowest PaO ₂		with lowest pH	
PaO ₂ (kPa)		pH	
Assoc. FIO ₂		Assoc. PaCO ₂ (kPa)	
Assoc. PaCO ₂ (kPa)			
Associated pH			

Associated intubation status: YES / NO

Neurological & Sedation Status

Pupil reactivity missing: YES / NO

Pupil reactivity	Left Eye	Right Eye
Unable to Assess		
Reactive		
Unreactive		

Sedation

Sedated for whole of first 24 hours	
Paralysed and sedated for whole of first 24 hours	
Sedated for some of first 24 hours	
Paralysed and sedated for some of first 24 hours	
Never sedated or paralysed at any time in 1st 24 hrs	

Glasgow Coma Score

Eye	No response	
	Response to pain	
	Response to verbal command	
	Spontaneous response	
Motor	No response	
	Extension/decerebrate rigidity	
	Flexio-abnormal/decorticate rigidity	
	Flexion withdrawal	
	Localises pain	
	Obeys verbal commands	
Verbal	No response	
	Incomprehensible sounds (not words)	
	Inappropriate words	
	Disoriented and converses	
	Orientated and converses	

MRN: _____

Ward: _____

Date/Time Due: _____

Observations

	Lowest	Highest
Central temp		
Non-central temp		
Systolic/paired Diastolic	/	/
Heart rate (breaths min		
non-ventilated respiratory rate		
ventilated respiratory rate		

Vasoactive Agents for 1st 24 hrs: YES / NO

Weight		kg
	Max. infusion rate	
Dopamine		µg/kg/min
Dobutamine		µg/kg/min
Adrenaline (epinephrine)		µg/kg/min
Noradrenaline (norepinephrine)		µg/kg/min
Vasopressin		U/min
Phenylephrine		µg/kg/min
Metaraminol		mg/hr
Terlipressin		mg/hr
	Total bolus	
Metaraminol		mg
Terlipressin		mg

Observations 2 section PTO

Observations 2

	Lowest	Highest	Missing
Serum bicarbonate (mmol/L)			☒
Serum sodium (mmol/L)			☐
Serum potassium (mmol/L)			☐
★ Serum glucose (mmol/L)			☐
★ Blood lactate (mmol/L)			☐
Serum urea (mmol/L)			☐
Serum creatinine (μmol/L)			☐
Total serum bilirubin (μmol/L)			☐
Serum albumin (g/L)			☐
★ Urine output (mL)	Total for first 24 hours or, if stay <24hrs, total while on unit		☐
Haemoglobin (g/L)			☐
Platelet count (x10 ⁹ /L)			☐
White blood cell count (x10 ⁹ /L)			☐
Absolute neutrophil count (x10 ⁹ /L)			☐
Lymphocyte count (x10 ⁹ /L)			☐
C-reactive protein (mg/L)			☐
Procalcitonin (μg/L)			☐
